WORK EXPERIENCE

AltaML **Product Associate (Co-op)** Sep 2023 – Present (Toronto, ON)

- Leading discovery interviews and a “Buy-a-Feature” workshop to prioritize features for a B2B solution.
- Built wireframes using Figma to validate assumptions resulting in clarification in data and feature requirements
- Co-leading the initiative to improve product practice by clarifying needs across the organization and developing resources

DocTalk **Product Manager (Co-op)** May 2023 – Aug 2023 (Toronto, ON)

- Led the building of the admin page feature, enhancing access management which reduced permission issues
- Defined and tracked metrics using RedisInsights for the soft launch of PGYpal, delivering product insights
- Scoped out features such as comments pinning and action items to improve the usability of the platform.
- Conducted discovery interviews with clinician stakeholders to clarify needs and prioritize features.
- Built ER diagrams and Access Control Matrices to assist in the architecture development of Patient Journey.

AltaML **Product Associate (Internship)** Jan 2023 – April 2023 (Toronto, ON)

- Built a Large Language Model demo using Python3, Streamlit, and GPT Index to enable BDRs sales efforts.
- Mocked up wireframes using Figma to clarify requirements during product development of the LLM demo.
- Leveraged SciPy Optimize to project cost savings, aiding in the construction of a compelling business case resulting in a six figure deal for the team.
- Synthesized results from discovery interviews and previous findings to produce a summarized report for a client, highlighting use cases, resource requirements, the roadmap, and the re-engagement plan.

EcoOnline **Product Manager (Co-op)** Sep 2022 – Dec 2022 (Toronto, ON)

- Led the building of a native documents feature for 100k+ enterprise users that significantly improved usability.
- Piloted the research for future product integrations to introduce the company to a \$150M SOM.
- Executed on go-to-market strategy and created demos, test cases, and product FAQs for a new feature.
- Discovered user insights using Mixpanel to aid in product discovery and firefighting.
- Developed frameworks and workshops to prioritize 900+ intake requests.

KPMG Canada, Ignition Tax **Product Manager (Co-op)** May 2022 – Aug 2022 (Toronto, ON)

- Led the migration of a financial database to a cloud platform used by 250+ internal and client users.
- Saved managers 5 hours biweekly by automating key workflows using Alteryx via downloading financial data from an SFTP server, data manipulation, and database updates.
- Spearheaded a feedback collection process to convert pain points into prioritized features for the product.
- Built ad-hoc VBA macros to reduce 3+ hour processes such as fund distribution calculations to 5 minutes.

iContribute **Product Manager (Volunteer)** Dec 2021 – May 2022 (Ottawa, ON)

- Led a team of 6 to build a filter feature which solved a key pain point for over 750 active users (MAU).
- Collaborated on the implementation of real time metrics collection to give internal stakeholders visibility and the opportunity to build a business case for external funding.
- Built pitch decks to raise funding and piloted the app across 3 schools to over 2000+ students.

EDUCATION

Toronto Metropolitan University (formerly Ryerson University) Sep 2019 – April 2024

BCom, Business Management (CGPA: 4.12 / 4.33)

- Involvement: Co-op, Top 200 Student, Tedpack Mentor, Tri-Mentoring Mentor, Ted Rogers Co-op Mentor
